

MUSANDAM ELECTRICAL EQUIPMENT CO. L.L.C.

Profile

usandam Electrical Equipment Co. LLC (MEECO) was started as a tiny trading unit based in Abu Dhabi in the year 1982 and has now grown into one of the leading trading organizations in the Middle East, catering to the needs of electrical requirements for the construction industry.

The success of MEECO is due to customer satisfaction and trust through quality service, fulfillment of commitment without delay, belief in long term partnership and maintaining the same by fair and flexible means of transactions.

MEECO has a massive warehouse measuring approximately 50,000 sq.ft. in Abu Dhabi comprising of approx. 32,000/- sq.ft. of shaded and 18,000 sq.ft. of unshaded area. The warehouse is equipped with latest automatic cable cutting machine, material handling equipments like forklift, pallet trucks etc. and delivery facilities like trailer & pick-ups.

The core products handled by MEECO are:

- Low Voltage & Medium Voltage Power Cables, Single Core Wires under distributorship agreement with M/s. Gulf Cable & Electrical Industries Co., Kuwait
- Decorative Wiring Accessories under distributorship agreement with Honeywell for the MK brands of wiring accessories
- Rigid PVC Conduits & Accessories under distributorship agreement with M/s. Clipsal, Middle East
- LV Switchboards, Motor Control Centers, Control Panels etc. in franchising agreement with

M/s Schneider Electric, France under Merlin Gerin and Telemecanique brands.

- LV & MV Power Factor Improvement Capacitors and Power Factor Regulator under the agency agreement with M/s Vishay Electronics, Germany
- In addition to the above, MEECO also stocks various electrical equipment like Cable Glands & Lugs, Cable Management System comprising of Floor Boxes, GI/PVC Trunking, GI Cable Trays/ Cable Ladders, Flexible Cables, GI & PVC coated GI Flexible Conduits, GI Rigid Conduits and Isolators of approved brands.

From the above, it is evident that MEECO has extensive range of products which can cater to the complete electrical needs of construction industry.

MEECO has also a tailor-made computerized Inventory / Invoicing System to track the accurate availability of materials and speedy delivery to enhance customer satisfaction.

MEECO has efficient staff who understand customer's requirements and are capable of giving clarifications/solutions to their queries.

MEECO is also proud to be associated with Major Consultants/ Clients for their various projects viz. Commercial & Residential Buildings, Palaces, Hospitals, Mosques, Schools, Defence, ADWEA, Municipalities, Shopping Malls, Private Department Projects etc. Also having close interaction with many leading contractors on a repetitive basis by offering excellent quality service with competitiveness.

LV Switchboards

MEECO, as the Franchised Panel Builders for Schneider Electric, a renowned French company, assembles a wide range of Switchboards known in the market as Merlin Gerin and Telemecanique.

The panels are assembled at M/s. Electrical Supplies Est., the ISO 9001 : 2000 certified Switchgear Division of Musandam Electrical Equipment Co.LLC.

The range of products includes

- LV Power Panels upto 6400A
- Motor Control Centers involving DOL / Star Delta Starters & also Soft Starters & VFDs
- Design & Assembly of Capacitor Control Panels
- Street Lighting Control Cabinets for ADDC
- Control Panels for HVAC
- Generator Synchronization Controls
- PLC Controls

Cables & Wires

MEECO is involved in the supply of Wires and Cables upto 33 kV Grade conforming to BS 6004/95, LV 600/1000V, BS 5467 ISO 9001 & IEC standards. In 1985, Low Voltage Cable Joint was added to the prevailing range of products.

Wiring Accessories

Since 1994 MEECO, in association with MK Electric (Now Honeywell), has been supplying Decorative MK Brand Wiring Accessories.

It also provides prompt and professional service as per client's requirements.

PVC Conduits & Accessories

A wide range of ISO-9002 certified PVC Conduits, Fittings & Accessories is distributed by MEECON jointly with CLIPSAL, a globally renowned electrical accessories manufacturer.

Product range under this category includes

- Rigid PVC Conduit & fittings for straight runs of cabling
- Corrugated conduit & fittings which can be easily bent to any shape
- High-strength, fire-resistant HFT conduits
- White conduits used in telecommunications for elbows, flanges and reducers
- Unique tangential fittings to enable the nearest surface wiring possible.

Roederstein

MEECO, in collaboration with M/s Vishay Electronics, Germany, one of the world's largest manufacturers of discrete semiconductors & passive components, distributes power factor correction capacitors & power factor controllers customized for various clients.
